Introducing  
**VOLUMASTER™**  
SILAGE DISTRIBUTOR / UNLOADER  
from the leader

Greater capacity, for example, means reduced storage cost per ton. The Volumaster system's motorized distribution evenly packs 19% more silage into the silo than with no distribution, 8% more than non-powered distributors. Then, new big-volume unloading features throw silage out faster.

Low maintenance and easy-to-service features can save you even more money and headaches. They're designed for convenience, long life and trouble-free operation.

When you add it all up, it's easy to see why more farmers depend on Butler unloaders than any other brand. And, why you should find out how you can get good-as-gold performance with a new Volumaster silage distributor/unloader.

**NEW**  
**good-as-gold**  
**performance standard**

The new Volumaster silage distributor/unloader is like finding the end of the rainbow in your silo. It's a whole new machine from the company that invented and perfected ring drive unloaders. By combining the best of the Butler/Jamesway Volumatic® III system with 25 new features, the Volumaster system provides total performance for cost-effective feeding management.
