# AVCO® NEW IDEA

## THE PLANTER YOU CAN GROW WITH

Conventional seed bed preparation... minimum tillage... no-till planting... your farming practices may change, so it makes good sense to own a planter that can change with you. New Idea Double Frame Planters can do just that! You can add large volume fertilizer hoppers or tanks, conservation tillage tools and extra row units (for row spacings as narrow as 7½ inches)... all on the same unit and, if you like, all at the same time.

See for yourself how the Double Frame Planters from New Idea provide superior performance for conventional planting and versatility for changing to minimum till or no-till in the future. It makes good sense, so check out the planter you can grow with... today!
