

HAY BALERS

Bale it up to 2,000 lbs of hay in one package. Up to 15 tons per hour. Solid from the core to the outside wrap.

- 25% heavier than other large round packages. 25% less spoilage.
- A bale that retains its shape — and nutritional value — better than any other hay package in the field.
- Five different models to fit your needs.
- The best part? It's the most competitively priced baler in the field today!
