No other 4-wheel drive tractor produces like a Steiger!

**YOU OWN IT TO YOURSELF TO TRY A STEIGER TRACTOR**

"Getting my crop in on time means a whole lot - and my Steiger has done that. It assures me that I will get all my work done and get a better seedbed for my soybeans at the same time. Before I wasn't getting my work done with 2-wheel drive, because I didn't have any hired labor. Now I can loaf and do 10 acres an hour. That's some change from when I was a boy working for my Daddy. Then we were happy doing 25 acres a day," says Bill Kelly

**Superior power and traction.**

"Our Steiger's superior power and traction allows us to pull heavier equipment. In our operation we

we would need at least two 2-wheel drive units to accomplish what we can do with one of our Steigers," says Rick Kreider

"I'd quit farming before I'd give up my Steiger" says Bob Miller

"Hitching an anhydrous tank to my 15 tooth chisel, I can chisel and apply nitrogen in one step at the rate

of 10 acres per hour. Quite a time and labor-saver, this tractor."

**The work of two tractors and two men.**

"Yesterday, one man went out and chisel plowed 130 acres of about average-going for us. The fields weren't hilly and there was some long rows and some short rows. It was the case of doing 130 acres in 10 hours. That's 13 acres an

hour. We'd surely be running two tractors and two men in the system we had before. This tractor and the wider chisel plow cuts your turns in half. That's something most people don't think about, and the maneuverability on the turns is no worse than a smaller tractor," says Abe Barley
