

# Top Fuel Efficiency? In a 40- to 60-hp tractor it's John Deere.

Need a tractor in the 40- to 60-hp range that delivers exceptional fuel economy and lugging ability? You need a John Deere 40-hp 1250, a new 50-hp 1450, or a new 60-hp 1650 Tractor. These tractors offer test-proved\* fuel economy, lugging ability and base-price features most comparable tractors don't. New John Deere Powr-Pack™ engines with Powr-Chamber™ design get more usable power out of every drop of fuel. These tractors also feature power steering, hydraulic wet-disk brakes, 9 forward and 2 reverse speeds independent PTO, 3-point hitch and adjustable seat. And to make the tractors even more efficient in tough conditions, mechanical front-wheel drive is available. Stop in soon for full details on the tractor you deserve, at a price you can afford.

\*For a free copy of Nebraska Test No. 1437 (1250 Tractor), 1505 (1450) or 1506 (1650), send a self-addressed envelope to Deere & Co., Dept. 870, John Deere Road, Moline, IL 61265.

## EXCLUSIVE CUTTERHEADS

When it comes to forage harvesters, nobody beats John Deere's drum.

In every John Deere pull-type and self-propelled forage harvester you'll find the latest in forage harvester technology; the segmented-knife Dura-Drum™ cutterhead.

Since our cutterhead is an enclosed drum, you won't have to worry about material getting inside and sapping horsepower. The segmented knives are easier to replace and adjust than full-width knives, too.

So when it comes to cutterheads, the competition and their full-width knives just can't beat John Deere's Dura-Drum. Come by the store and let us show you a John Deere forage harvester soon.

**New John Deere self-propelled commercial mowers. Four rugged models let you walk or ride your way to professional lawn care.**

New John Deere commercial mowers have a low center of gravity to let you mow grades of up to 25 degrees. Plus individual rear-wheel brakes that let you cut close to trees and shrub beds. For mowing in flat, open areas a sulky is available.

Pick from four models - 32, 36, 48 and 52 inches. All have a heavy-duty 11-hp engine, with 16-hp available on the two largest models. Plus hardened steel blades, ball-bearing spindles and welded steel deck. Large 3-gallon fuel tank, 7-speed variable-drive transmission and adjustable front casters are also standard. See us today for a demonstration.
