TERRE HILL SILOS HUTCHMASTER

NEW D7807

Deutz Performance and Economy in the 70-to-80 Hp range!

Featuring the Longer stroked 913 Deutz diesel, Non-turbocharged. Best combination for utility tractors: more flexibility, instant power at all speeds, no turbo lag or "dead spots" in the power range. Will not "wet stack" under prolonged light loads. Longer engine life with fewer repairs.

D 7807 specifications--a mid-size tractor that really measures up!

Horsepower	73 pto (manufacturer's rating)	Hydraulic system	Deutz Transfarmatic, open center Tandem, engine mounted
Engine	Deutz F4L 913 direct air cooled diesel	Pumps	18.4 gpm/2,538 psi (69.7 lpm/175 bar)
Model	4	Flow/pressure	1-2-3 double-acting valves, lever coupler
Cylinders	4 02 x 4 92 in (102 x 125 mm)	Remote	Cat II with linkage stabilizers
Bore/stroke	249 cu in (4085 ccm)	Three-point hitch	5 732 lb (2,600 kp) at hitch point
Displacement	2,400 rpm	IFT capacity	Hydrostatic power steering
Rated speed	Dual, dry disc	Steering	
Clutch	Deutz TW 56 20	Capacities	
Transmission	12 forward, 4 reverse, triple range	Fuel	24.3 gal (92 lit)
Speeds	1.3 to 18.6 mph (2.16 to 30 km/h)	Engine crankcase	9 qt (8.5 lit) including filter
Speed range	All, column-mounted shift	Transmission	38 qt (36 lit)
Gear synchronization	None	Hydraulics	14.8 qt (14 lit)
Range synchronization	Mechanical, foot-operated	Tires	
Differential lock	Externally-mounted, double drum	Front	2 wheel drive 10 00 x 16
Brakes	Hydraulically-actuated expanding shoe	Optional front	4 wheel drive 11 2 x 24
Service	Independent, hand-operated	Rear	12 4 x 24
Parking	Independent, dual-speed	Optional rear	18 4 x 30
Power-take-off	1 3/4 in 6-spline single shaft		16 9 x 34
Shaft	540 (at 2,025 rpm), 1000 (at 2,170 rpm)	Bare operating weight	6 614 lb (3,000 kg) 7 429 lb (3,370 kg)
Speed (at engine speed)		Dimensions	
		Wheelbase	95 in (2,414 mm) 96 in (2,429 mm)
		Tread width	60 to 80 in (1,520 to 2,020 mm)
		Overall width	78 in (1,990 mm)

D 7807 features--combination of performance, convenience & value!

Take a close look at the new Deutz Fahr D 7807. It's loaded with features you'll like — many you'd expect to find only on a much larger tractor. Some are high lighted in the photos below:

A — Efficient mechanical transmission. It's rugged, but quiet. And efficient as only a mechanical can be. Column-mounted synchromesh shifting gives easy operation — and maneuverability, too!

B — Famous air-cooled engine. First time we've used the popular 913 series engine (featured in bigger DX models) to power an '07 model in the mid-size range! Larger displacement for long service life. Remarkable fuel economy for lowest operating cost. And exceptional lugging ability for the toughest jobs!

C — Practical convenience throughout. Hinged engine hood flips up and out of the way, for all-round access to engine area. Short turning radius makes the D 7807 as easy to handle as many smaller tractors.

D — Mechanically-powered front-wheel drive. Like all Deutz Fahr tractors the D 7807 offers the popular option of four wheel drive (D 7807A) — with efficient mechanical drive at the front! And now with tread width adjustable to 60 inches you can use Deutz-Fahr four wheel drive for all weather, all crop versatility — even in 30 inch row crops!

E — High-capacity hydraulic system. Powered by tandem engine mounted direct-driven pumps. Gives high lifting capacity and quick response over a wide range of applications.

F — The name is Deutz-Fahr! The new D 7807 brings our line to nine models including those previously known as Deutz tractors. Now the name is Deutz Fahr — with the same high quality performance and fuel efficiency.
