AUTO/TRUCK DIESEL TREATMENT totally disperses water.

It eliminates water even better than water separators. It also keeps injectors clean, improves engine efficiency and contains no harmful alcohol. Use it in every tankful all year 'round.

IT COSTS SO LITTLE TO PROTECT SO MUCH. Use Auto/Truck Polarized Flow Improver during the wintertime to prevent waxing and gelling.

A little out of the way... but a lot less to pay.

the one that keeps rolling when others quit!

Automatic EARCORN BLOWER MILL

Automatic pioneered the development of the unique crusher unit which shells corn and shreds the cob ahead of the rollers which crack the kernels and reduce the cob further. No troublesome screens to change or slow down the capacity. It comes with 8-foot hydraulic intake auger and 54-inch blower. Also available with an 11-inch tilting discharge auger with 10-foot reach in place of the blower.

- UNIQUE CRUSHER ROLLS shell the corn, crush the cob ahead of the rolls, no screens to plug.
- FATIGUE-PROOF DRIVE SHAFTS, ground and polished.
- CARBON STEEL ROLLS, hardened to a 56 Rockwell "C", out-perform other rolls in capacity and durability.
- 20-SPLINE, 1 3/4-inch PTO shaft with shear pin protection.
