## ALUMINUM GOOSENECK TRAILERS

This may be the last stock trailer you'll ever have to buy. An Eby all-aluminum gooseneck trailer is built to provide years of maintenance free service. Strong aircraft aluminum and Eby engineering provide the ruggedness that only an Eby trailer can offer.

### CHECK OUR FEATURES:

- Weight** - 25-35% less than comparable steel stock trailers. Less weight means better fuel mileage or increased payload.
- Maintenance** - Aluminum construction won't rust. Welding and painting can cost you dollars in down time and repairs.
- Durability** - Eby trailers are built tough. Extruded framework and ridged diamond plate floor.

## M.H. EBY, INC.

Box 127, Blue Ball, PA 17506 (717) 354-4971

Ashland, Ohio 44805

## Slash drying costs as much as 75% with the AeroDry™ System

**Cut Energy Costs 75%**—Uses the drying power of fan forced air. No gas to buy. And the only electricity used powers the computer controlled fan system

**Reduced Shrinkage**—Shrink loss is cut up to 50% through natural moisture removal without high temperature heat

**Better Grain Quality**—With no high temperature heat to crack and damage grain, more starch, sugar, valuable nutrients and profit are retained.

**It's All in the Computer**—The AeroDry Computer automatically monitors dry down day and night—then holds optimum storage conditions to keep grain in top condition.

Farm proven from the Midwest to the East Coast, the AeroDry System can improve your grain drying operation. Call or mail the coupon for more information and where to see the AeroDry System in action.
