

## Satisfy appetites with cheese

(Continued from Page B6)

### SWISS ONION SOUP

1/4 cup (1/2 stick) butter  
7 cups sliced onions (about 2 pounds)  
2 tablespoons flour  
1/2 teaspoon salt  
4 cups beef bouillon  
4 cups milk

8 thick slices French bread, buttered and toasted  
2 cups (8 ounces) shredded Swiss cheese

Melt butter in 4-quart saucepan. Saute onions until tender, about 15 minutes. Stir in flour, add salt; cook 1 minute, stirring constantly.

Gradually stir in bouillon. Bring to a boil, reduce heat. Cover and simmer 30 to 40 minutes. Stir in milk. Heat to serving temperature. (Do not boil.) Preheat oven to 350°F. To serve, ladle soup into ovenproof mugs or bowls. Top each with 1 slice French bread and 1/4 cup Swiss cheese. Bake 10 minutes or until cheese melts.

## Red Rose Beef Club

The Lancaster County Red Rose Beef Club met at the Farm and Home Center on Oct. 2.

The club members participated in a junior stockmen's contest. First place went to Emily Weaver

and second place went to Lori Good. All club members received a ribbon.

The next meeting will be on Nov. 7 at 7:30 p.m. at the Marvin Nissley Farm.

	<b>SAVINGS OF \$1,115.28</b>	

## IT DOES YARD WORK.

In a barnyard or a backyard, the new Kubota B7200 really goes to work. It has an efficient, three-cylinder 17-horsepower diesel engine. So all kinds of utility chores are easy, from front loading to garden tilling and even nursery work.

The operator platform is new, too, with a high-back adjustable seat and, on the instrument panel, gauges to help monitor engine functions at a glance.

Take a B7200 for a test drive. Then take one to work.

## IT RAISES CROPS AND PROFITS.

The new Kubota M4950 is an efficient farm worker.

It has a strong, reliable Kubota diesel engine that's a real miser on fuel. And money you don't spend on fill-ups ends up in your pocket after the harvest.

The M4950 also works like a tractor much bigger than its 47 PTO hp. Because of some new

engineering refinements. And because Kubota's 4-wheel-drive system with a unique bevel-gear design adds up to 35% more pulling power than comparable 2-wheel-drive tractors.

The M4950 could be just the tractor you need to raise profits on your farm.
