

## Learn to make gingerbread houses at extension workshop

YORK — Let "the Gingerbread Lady" show you how to create delicious gingerbread house covered with icicles of sugary frosting, a gumdrop roof and candied shutters to add a sense of wonder and magic to your holiday season.

Patty Hudson, known as "The Gingerbread Lady" will teach a Gingerbread House making workshop for the Penn State

Cooperative Extension Service on Nov. 9 and 16, from 9:30 a.m. - 3:00 p.m. The class will be held at the York County Extension Office meeting room.

At the first session she will demonstrate making gingerbread houses and cookie cottages and during the second session workshop participants will actually make a gingerbread house under her supervision. Hudson

demonstrates every step involved and shares recipes for doughs, icings and patterns from her book written for workshops she has taught at the Smithsonian Institute.

If you would just like to see the demonstrations and not make a house, just register for the Nov. 9th session for \$10. The fee for the two session class is \$15. Advance registration is required.
