STEWARTSTOWN — The York Farm Credit Service has opened a new branch office, located just north of Stewartstown, on Rt. 24.

Official ribbon-cutting ceremonies were held on Friday, Nov. 9, with Production Credit Association director George Wolf, and York Federal Land Bank president Leroy Bupp severing the symbolic tie to open the doors of the new office.

James K. Sigler is manager of the branch office, which will serve farmers and agri-businesses from Red Lion south to the Mason-Dixon Line and west, and from Glen Rock to Delta.

"The Farm Credit Service provides services to about 350 accounts in the southern part of the county," says Sigler. "Services will now be more convenient and accessible."

According to Sigler, the Farm Credit Service is now offering a business, estate and tax program to help farmers with income tax, retirement, business organization, estate and life insurance planning.

## A Cage isn't enough

It takes more than wire to make a cage system. More than anything else it takes a feeder.

Sure, other components are important, but mainly it's the feeder that makes the system. That's why Big Dutchman's Systems are equipped with a SPEED FEED chain feeder that feeds every bird the right amount at the right time, without waste.

When you compare poultry equipment remember that the real test of a cage system is its feeder. Big Dutchman is ready for the test.
