

Pa. Juniors shine in All-American Jersey Show

LOUISVILLE, Ky. — "Super....Great....The best ever"....These were only few of the words used to describe the winnings of the Pennsylvania junior Jersey exhibitors.

The Pennsylvania delegation claimed two national achievement awards, a national scholarship, a top showmanship placing, and had eight of the 14 head exhibited place in the top ten of their class. All of this was accomplished in the biggest All-American Junior Jersey Show ever.

During the All-American Junior Banquet and Fun Fest, national awards were presented. Placing ninth in the 1983 National Jersey

Youth Achievement Contest was Patricia Dreisbach of Hamburg. Patty was the 1983 Jersey Jug Queen and has been very active in many aspects of the dairy industry.

Michelle Lusk of Charleroi took home the eleventh place honor in the 1983 National Jersey Youth Production Contest. Michelle's cow, Superbs Roasted Peanut produced 19,704 lbs. of 4 percent Fat Corrected Milk to win this award. Peanut has won other production awards in Pennsylvania competition.

The third national honor to come to a Pennsylvania youth was the V.L. Peterson Memorial

The Pennsylvania Junior Jersey exhibitors had their best year ever at the 1984 NAILE. The delegation included: (front) Michelle Luck, Denise Martin, Tom Arrowsmith, Jennifer Shertzter with the third place senior yearling, Joyce Harpster with her third place junior calf and Dale Smith. (Back left) Crystal Miller, Aimee Wales, and (back right) Doug Martin, James Hardy and Mark Deaven.

Winning top awards in national Jersey competition were these Pennsylvania youth: Doug Martin, top producing four-year-old of junior show; Michelle Lusk, 11th place in National Youth Production Contest; Tom Arrowsmith, high pedigree index intermediate calf; Patty Dreisbach, ninth place in National Youth Achievement Contest.

Scholarship of \$750. James Clark of Enon Valley won this honor.

Clark is an agricultural business management major at Pennsylvania State University, where he is a College of Agriculture Student Senator to the University Faculty Senate. Clark was involved in the founding of the Penn. Junior Jersey Cattle Club.

In the show ring two third-place honors were claimed. Jere Shertzter of Lancaster won third in senior yearling competition. Pine Mountain Chocolate Ashley was bred by Florence and Dave Robinson of Franklin county. Jere purchased this heifer as a calf in the 1983 Penn Calf Sale.

The other third place award was claimed by Joyce Harpster's junior calf. EDN RU Samsons

Theda Thelma was bred by the Harpster family of Boalsburg. She had previously been named reserve junior champion in the District FFA Show.

Tina Martin of Chambersburg was the owner of the fifth place four-year-old. Sired by Foresters Promoter, this cow won the top production award for the four-year-old class.

The sixth place senior two-year-old was shown by James Hardy of Petersburg. This young cow is a home-bred daughter of Bettydon Quicksilver Dreamer.

Tom Arrowsmith of Peach Bottom claimed eighth place and highest pedigree index honors with his Top Brass intermediate calf.

Three ninth place awards completed the list of those placing

in the top ten. Mark Supancik of Uniondale showed the ninth place junior calf, Doug Martin of Chambersburg showed the ninth place summer yearling, and Denise Martin of Chambersburg had the ninth place aged cow.

In addition, the Pennsylvania herd placed sixth out of 17 herds, by far the best Pa. placing ever.

At the conclusion of the junior show the top 10 showmen in both junior and senior divisions were selected. Pennsylvania's Crystal Miller of Cambridge Springs was one of the top 10 junior exhibitors that returned to the showing for the championship competition. Crystal is ten years old and was showing in the All American for the first time.

ROUND BALE MOVERS

3-Point Single Prong

3-Point Double Prong

The Same Unit Can Be Used With One Prong For Center Of Bale Or Two Prongs For Under Bale.

2-Point

Front End Loader Forks

- Can be mounted on loader bucket in minutes
- No special attachment needed

"Twist-Lock" cups: newest innovation from the new leader

...another reason SWISH saves you more labor, more birds, and more money

The newest twist in cage watering makes cup cleaning and maintenance a real snap - it's SWISH's Twist-Lock cups for cage layers and brood-grow watering systems

Saves labor. No more contortions with hand tools inside a cage - one simple twist of the wrist unlocks and removes the unitized cup and valve. It's that easy to maintain when necessary. But with SWISH it's hardly ever necessary. That's because our cup is self-cleaning. Our patented valve keeps the cup clean by flushing any feed particles out so birds can consume them with the water.

Installation is a snap too with SWISH's new cups. They simply snap into the desired location, and the hose attaches to the water line outlet. These are some

of the ways SWISH's new cup saves you labor - easy installation, low maintenance and labor savings between flocks because our cup constantly cleans itself.

Helps save more birds. Because our cup is self-cleaning, algae and bacteria growth is not a problem as with cups that don't flush out feed particles. Clean cups mean less chance of disease and less mortality. And our big cup means good access to water, for a good level of bird health.

SWISH saves you money. That's the bottom line with a system that cuts labor and keeps birds alive and productive.

Get all the facts about our new cup and other SWISH innovations. See your SWISH distributor or contact us.
