

NO-SWEAT NO-TILL

BICEP + PRINCEP

To get unbeatable broadleaf and grass control in no-till corn, all you need is a program with Bicep® + Princep®.

Here's why: Bicep gives you season-long broad-spectrum control in conventional and conservation tillage.

But, for no-till corn, combine Bicep with Princep and you'll get long-lasting, residual properties that take care of broadleaves and grasses right up to a clean harvest. Even late germinators like crabgrass and fall panicum.

It's the dependable, economical combination that's going to become your standard for no-till.

So get no-sweat, season-long broadleaf and grass control. Get Bicep + Princep. CIBA-GEIGY
