Whatever the reason, cookbooks are being published and purchased at an amazing rate. Cooking for one or two, cooking for a crowd, vegetarian cooking, ethnic cooking, cooking for babies or even for the football team are but a few topics you'll find in today's cookbooks.

If you think a cookbook might be just the gift for someone on your list, Extension specialists at the Pennsylvania State University suggest you ask these questions to help you choose the right one.

•What are the individual's current cooking habits? Don't give Saturday, December 8 current cooking habits? Don't give Lancaster Society 7 will meet for a a gourmet cookbook to a meat and potatoes cook. By the same token, a book of recipes requiring lots of convenience ingredients won't be appreciated by cooks who pride themselves on using only fresh

> •Does the cook have a piece of equipment such as a microwave oven, a food processor or a wok that isn't used very often? Consider giving a cookbook that focuses on the techniques of using

•Is the person on a special diet? Avoid the quick-answer fad diet books and ask your county Extension home economist or local dietician for a recommendation.

•What qualifications does the author of the cookbook have? Books written by teachers from well known cooking schools, reputable food writers and home economists as well as books sponsored by major magazines are usually well done.

•Does each receipe in the book give the yield or number of ser-

·Are the cooking time and temperature clearly stated? "Cook until done," for example, is only useful if some criteria for doneness is given.

•Are directions clear and complete? Read through a few recipes at random and see if you can visualize putting the ingredients together.

•Finally, do the recipes call for ingredients that are generally available in the cook's locale? An exotic cookbook is of little use if the spices and condiments called for are available only by mail order.
