## Apple Market News Service

Tuesday, December 12, 1984

The market is continuing to be fair with prices remaining steady. Apple supplies throughout the state are declining as many small to medium sized growers are finishing up. The strong side of the domestic market appears to be in traypacked apples while bagged apples are selling slower.

The export market is continuing to be strong with orders being filled for Panama, Haiti, Trinidad, Norway and Iceland. Prices are holding firm in this market and Red Delicious, Combination graded, 113's and larger selling for \$10.00 and other varieties at \$8.50-9.00.

Domestic prices quoted are wholesale, truckload, f.o.b. at the orchard and packing house.
