

Proven performance with High Octane[®] Hog Chow[®] brand rations

The nation's leading high-energy hog feed. More than ten years ago, Purina[®] introduced the first high-energy feed for hogs. And extensive research has kept High Octane[®] far ahead of the competition.

Today, High Octane is still the nation's leading high-performance feed. And the proof is in the performance. On-farm trial results show High Octane beats the competition time and time again.

Whatever your feeding needs, stop by and get proof of what High Octane can do for you.
