40 years of proof

Since 1940, Gehl has been building field choppers and forage harvesters with one thought in mind... performance. And, year after year, thousands of satisfied owners prove that we know how to use that specialized experience to build better machines. Today, Gehl concentrates those 40 years of chopping know-how into three fuel-efficient, high-capacity forage harvesters:

Capacity King 1250. The largest capacity pull-type harvester on the market. Gehl's exclusive 24" spinner delivery system keeps forage moving with no cross augers to plug. The giant, 9-knife, 25 1/2" cylinder gives a quality cut. And the new cutterbar adjustment is the easiest anywhere. In-head hydraulic knife sharpener and electric controls are standard too.

New mid-range 1000 gives you the high capacity you'd expect from the big 21" cylinder and fast spinner delivery system. Like the 1250, standard features include the in-head hydraulic knife sharpener, adjustable

axles, one-way shear bolt protection and attachment down-stop.

Fuel saver 750 tackles just about any chopping job. Uses less horsepower per ton chopped than many bigger harvesters. Uses less fuel. The 8-knife cutterhead is set into the blower compartment for smooth, continuous material flow. Add Gehl's patented in-head hydraulic knife sharpener for even more cutting efficiency.

Prove to yourself that there's no substitute for Gehl's 40 years of forage harvester experience. See your Gehl dealer soon.

**For a big
planting job with a
small tractor**

Hook up to a Tye 10 foot Stubble Drill™

Tye's big 120" planting width and narrow, transportable design make it a whole lot easier for a small tractor to perform large planting jobs.

Tye's 10" No Till Drill is equipped with the same performance proven planting system that is standard on Tye Stubble Drill™ and Pasture Pleaser™ models.

1. Heavy duty spring swivel coulters 2. Internally fluted seeders 3. Front seed delivery double-disc openers and 4. Press/depth control wheels.

The 10" drill has fifteen openers, 8" row spacing, and features similar to the popular Tye Pasture Pleaser™. The convenient 120" planting width complements the Tye No Till line of 80" Pasture Pleasers and the 160" Stubble Drills.

Options include: ★ Choice of coulters blades
★ Wide variety of press/depth control wheels and
★ Legume, bluestem and fertilizer attachments.

For a closer look, see your Tye Dealer.
Manufactured by The Tye Company / P.O. Box 218, Lockney, Texas 79241, 806/652-3367.
