# Medfly emergency declared

WASHINGTON - Secretary of Agriculture John R. Block declared that an emergency exists in Florida because of an outbreak of Mediterranean fruit flies that threaten the fruit and vegetable growing industries of this country. His declaration authorizes the use of federal funds and personnel to combat the flies.

"The Mediterranean fruit fly is one of the most destructive insect pests known," Block said. "This will orable up to Inderation

commit USDA resources to help Florida plant protection officials eradicate this pest and prevent it from spreading to other parts of the United States.

A single unmated female Medfly was trapped north of Miami on Feb. 25. On April 9, two additional flies were trapped within three miles of the first find, indicating the liklihood of a reproducing population.

The Medfly can attack more

than 200 kinds of fruits and vegetables. It lays its eggs in the fruit, and when they hatch the young feed on the pulp, spoiling the fruit for human consumption.

Florida's last Medfly infestation - in Miami - was declared eradicated last November. The cost of that campaign was about \$1.1 million – shared by the state and federal governments. This is the seventh Medfly infestation in Florida since 1929.

INC

Lose just one day during the planting season and it could make all the difference between a good crop and a poor one

Thats why you should be equipped with a Johnson FM two-way radio

With two way radio if your engine quits you can simply call for help. Chances are a mechanic can get to you and get you going again while there's still some daylight left

But without two way radio you d just have to start walking There are a lot of other ways Johnson FM radio can save you time and money. Why not let us show you how you can lease or own a complete two way system for as little as 75¢ a day

mounted, or self-propelled sprayers,

## Pacer Self-Priming Centrifugal Pumps For Agriculture

### Features:

- Self-priming to 20 feet (6 1 meters)
- Total heads to 80 feet (24 4 meters)
- · Capacities to 166 U S GPM (628 liters per minute)
- Built in check valve
- · Equipped with 2" female threaded connections, NPT
- AgMiser 3 HP ..... \$181.90
- AgMiser 5 HP ..... \$219.00
