

Anthracnose and early blight. Bravo 500 beats them both.

by the market can match Bravo 500
fungicide for effectiveness.

And you get that same kind of first-rate
performance against anthracnose too.

Which makes Bravo 500 the one
fungicide you can count on to beat your
two toughest diseases.

In fact, Bravo 500 consistently provides
unsurpassed protection against 9 major
tomato diseases.

What's more, you can apply Bravo right
up to harvest no matter whether your crop
is mechanically harvested or handpicked.

So this season, make it Bravo 500. It's
all the fungicide you'll need to beat your
two toughest tomato diseases. And the
best part is you'll have healthier vines, a
healthier crop and a bigger top quality
yield to show for it.

Bravo 500 from SDS Biotech. Because
you give it all you've got.

Always follow label directions carefully
when using agricultural chemicals.
