COW MATS

Use our unique method of installing a one piece mat under a row of cows. Prevents movement of mat and bedding from creeping underneath.

All "row" and single mats are cut from heavy one inch rubber belting.

Eliminate Fencing Problems

WITH

ARC

SOLAR FENCING

"The Arc 12 Solar system allows us to safely run our stallions next to the mares eliminating time and labor on try backs"

Harold S. Warden, Quality Quarter Horses, Oskaloosa, Iowa

- Eliminates fence sagging
- No staples or wire clips
- Adjustable enclosed spring assembly for each wire
- Optional site rails™
- Optional Arc 110 Volt multi wire unit
- Installed by trained dealers
- Fully guaranteed by warranty

The ARC 12 Fence is a new concept in livestock fencing. Using free energy from the sun, the solar powered solid state unit keeps a powerful 12 volt battery charged for effective shocking. Special non-conductive white plastic posts are attractive and extremely durable. Capable of being bent 45° and returning to their original position. Using smooth 12 1/2 gauge high tensile wire eliminates injuries from barbed wire.

If the engine quits, two-way radio could pay for itself today.

Lose just one day during the planting season and it could make all the difference between a good crop and a poor one. That's why you should be equipped with a Johnson FM two-way radio.

With two-way radio if your engine quits, you can simply call for help. Chances are, a mechanic can get to you and get you going again while there's still some daylight left.

But without two-way radio you'd just have to start walking. There are a lot of other ways Johnson FM radio can save you time and money. Why not let us show you how you can lease or own a complete two-way system for as little as 75¢ a day.
