At Farm Credit, our loan officers know dairy production and marketing, so we understand what it takes to make your operation the very best it can be. As farmer-owned, farmer-controlled cooperative lending institutions, we're true specialists in agricultural credit. We know the ins and outs of making your dairy operation as productive and profitable as possible with the loan you need. We're in business to help make things better for dairymen and their cooperatives. And we do it by providing a wide range of financial services for everything from replacement heifers and AI service to milking parlor equipment and operating expenses.

There's an office near you. Call or come by today and talk dairy loans with the people who speak your language.
