PREDICTED DIFFERENCE

Case

What will the Predicted Difference be of your next generation of dairy heifers? One thing is certain, it must be higher than ever before to maintain adequate profits for your dairy operation. We too, at Case International, are working on Predicted Difference. It is our responsibility to supply dairy farmers the best equipment, whether it be manure spreaders, corn planters, or tractors. Perhaps our Predicted Difference is measured differently than yours, but at the end of each working day both your herds P.D. and your equipment P.D. determines whether your bottom line is a profit line.

Case International extends our best wishes to each & every dairyman as June Dairy Month begins. Just as your dairy cattle have no days off, your equipment shouldn't either from down time. Ask us today about assured availability, you might find it's better than your heifers P.D.
