- Cleans simply/quickly
- U.S.D.A. accepted

Glasbord panel is a tough, semi-rigid wall lining material of fiberglass reinforced plastic — superior to metal and painted finishes. It installs easily in any type construction and is suitable for building new or refurbishing. Available in a variety of sizes, complete with all accessories. Also available with low smoke development, fire retardant properties. Ask about low smoke Fire-X Glasbord paneling.

ACCESSORIES: Vinyl moldings are available. They add to the finished appearance and aid in making a watertight installation

Styles:

DRIVE RIVET

You can expand them into solid furring strips, masonry walls or any other rigid backing

WATER THAT WON'T QUIT

RELAX...
Ritchie.
WATERS 'EM RIGHT™

Ritchie Fountains deliver. Even in the dead of winter they are out there working. You're not.

Weatherproof. You bet they are. Heating systems and efficient insulation keep water ice-free... just set the Watt Watcher™ thermostat for minimal energy use. Big-throated, non-stick plastic valves keep water gushing in. Each of your cows get all the water they need to promote peak production.

Ritchie Fountains are tough, too. Quality-built with rugged heavy galvanized steel and CD-50 epoxy finish to stand up to weather and barnlot abuse.

Why take chances on anything less than a red and yellow Ritchie Fountain? Call your Ritchie dealer for water that won't quit

the one that keeps rolling when others quit!

Automatic EARCORN BLOWER MILL

Automatic pioneered the development of the unique crusher unit which shells corn and shreds the cob ahead of the rollers which crack the kernels and reduce the cob further. No troublesome screens to change or slow down the capacity. It comes with 8-foot hydraulic intake auger and 54-inch blower. Also available with an 11-inch tilting discharge auger with 10-foot reach in place of the blower.

- **UNIQUE CRUSHER ROLLS** shell the corn, crush the cob ahead of the rolls, no screens to plug.
- **FATIGUE-PROOF DRIVE SHAFTS**, ground and polished.
- **CARBON STEEL ROLLS**, hardened to a 56 Rockwell "C", outperform other rolls in capacity and durability.
- **20-SPLINE**, 1 3/4-inch PTO shaft with shear pin protection.
