**BEFORE YOU BUY ANY UNLOADER TRY OUR UNLOADER ON A TRIAL BASIS.**

**What Unloader Will You Use... In The Year 2000?**

Buy The Only Unloader w/A 3 Yr Warranty

If you purchase the Supreme SS428 Turbo Ring Drive Unloader now it's a good bet this same unloader will be performing in the year 2000!

Supreme Posi Tracs are proven good for 20+ years. The Stainless Turbo must last longer with lower maintenance.

And the Supreme SS248 Turbo Ring Drive Unloader is unmatched for performance. Hardened chopping augers rip thru hard-packed & frozen material to rapidly deliver volumes of forage. The 4 paddle 28 Stainless Steel Blower has tremendous output capacity.

FOUNDATION WALLS, MANURE PITS, INSULATED PANELS

# Sollenberger Silos Corp.

**"YOU'LL APPRECIATE THE QUALITY OF A SOLLENBERGER SILO FOR MANY YEARS TO COME."**

**DAIRYMEN**  
Are you tired of raking hay over & over hoping it will dry enough to bale, or perhaps store in a structure that requires low moisture for unloading?

If you're ready for something better, give us a call right away; we have 3 great alternatives. Let us help solve this problem before the summer is over.

We've moved to our new location; about 2 miles south of Chambersburg on U.S. Rt. 11. Our mailing address and phone number remain the same. Give us a call today for your new fall silo.

**Main Features of a Sollenberger Bottom Unloading Silo**

- 6" Solid Concrete Wall
- No Drying Expense
- Reduced Shrinkage and Spoilage
- Continuous Filling and Feeding
- Lower Field Losses
- Lower Feed Cost

Since the early 1900's, Sollenberger Silos has been designing and constructing monolithic concrete silos. Always concerned with quality construction, Sollenberger continuously strives to improve their products as engineers study and design new innovations for strength, utility, and efficiency.

With local dealer-representatives throughout the Mid-Atlantic area, we can continue to provide these quality silos to a large number of farmers.

Before you buy any concrete silo compare Sollenberger's quality construction and features. Every Sollenberger Silo has full 6" solid steel reinforced quality controlled concrete walls. Compare this with other concrete silos. Our thicker stronger walls help silage remain at a relatively constant temperature resisting freezing and heat damage resulting in less spoilage and better silage.
