VAN DALE

Haven't You Done Without A VAN DALE Unloader Long Enough?

Magnum Silo Unloader

You've got troubles enough without putting up with equipment that won't perform. Especially feeding equipment that you use every day in the year. The answer: Trade now for a VAN DALE. Save your motor, cable, winch, tripod. Renew the heart of your system by trading now for a new VAN DALE unloader. The unloader that keeps going year round, helps keep your animals fed on schedule, helps keep you from climbing silo in below zero weather.

Total Mixed Rations with the new

ORBIT-MIXER

FEATURES:

- A stainless steel barrel for longer life
- Increased capacity with high volume scoops
- Non-stop discharge for quicker operation
- Flow control and twin hopper lids for operator convenience

Efficient and productive feeding through mixed and blended rations can now be accomplished with the Orbit-Mixer from Van Dale. Combining the benefits of mixed rations and Van Dale quality, the Orbit-Mixer is efficient, dependable, and convenient.

For unmatched meat and milk production, investigate the Orbit-Mixer from Van Dale — the company that made its name in feed handling.

Lancaster HAY RACK is made to save space and save hay. Round 2 piece design w/ 18 openings. Made of heavy square tubing and wide steel panel at bottom. Easy to move. easy to fill.

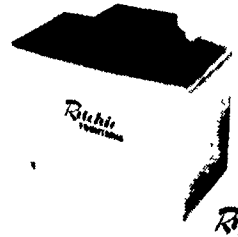

Lancaster BELT FEEDER AND NEW Lancaster CONVEYOR. Modern dairy and beef feedlots can be automated with the use of bunk feeders using belt feeder units. Corn silage, haylage, high moisture corn and other feed material can be distributed quietly, evenly and with no separation. A traveling plow unit places the feed directly to the center of the bunk trough. Simple operation and very low horsepower requirements make this Lancaster belt feeder popular with dairy and beef operators. Rubber belt and wooden trough design keeps silage from contacting or corroding metal.

the one that keeps rolling when others quit!
