

SEEDER - SPREADERS

FALL SALE

A New Dimension In Seeding / Spreading

Call Now For Special Fall Discounts

Over the past two decades Vicon pendulum action seeders/spreaders have become an integral part of the farming scene. Now Vicon Vari-spreaders are entering a New Dimension a completely new range of spreaders featuring a characteristic new design, and incorporating the latest technology to give the accuracy and reliability demanded by today's profit conscious farmer. Pendulum action gives the advantage of accuracy on sloping ground as well as on the flat, coupled with the ability to spread all types of solid fertilizer, chemicals, seeds, powders and lime. The six models in the new range offer capacities to suit the needs of every farm size. A special feature of the New Dimension spreaders is an easily adjustable flywheel which changes the effective spreading widths from 20-45 feet.

A Sound Investment For Profitability
