

Hesston to sponsor rodeo

HESSTON, KS — Hesston Corporation and its participating farm equipment dealers will present a two-hour, prime-time telecast of the National Finals Rodeo from Las Vegas, Nev., with same day coverage. Viewers will be seeing the final world championship round, Sun., Dec. 15, via a special live tape delay on most U.S. stations. More than 200 stations across North America will participate in this special Hesston Rodeo TV Network broadcast.

For the first time, the NFR—the "Super Bowl" of ProRodeo—will be held in Las Vegas at the Thomas

and Mack Center sports arena. The telecast will feature top Professional Rodeo Cowboys Association (P.R.C.A.) contestants vying for world champion titles in six standard rodeo events, plus Women's Professional Rodeo Association (W.P.R.A.) barrel racing. The 1985 NFR purse exceeds \$1,800,000, the largest in rodeo history.

This 27th annual NFR will feature the season's top money winners in calf roping, steer wrestling, saddle bronc riding, bareback bronc riding, bull riding, women's barrel racing and the

world's top team roping duos.

This is the 12th consecutive year that Hesston Corporation and nearly 1,000 participating Hesston Farm Equipment dealers across the United States and Canada have sponsored coverage of the NFR final championship round.

Imperial Rib

Strength, Durability and Beauty!

- High tensile galvanized steel panels
- Five major ribs (3/4" height)
- 36" coverage
- Anti-siphon feature
- Warranted Ceramic Siliconized Polyester Paint System
- 12 colors in galvalume, plain or painted

Imperial Rib is custom-cut to the inch to fill your needs in lengths up to 45 feet, reducing or eliminating end laps. You get a tighter, stronger, more attractive building.

IMPERIAL RIB'S ANTI-SIPHONING FEATURE
Imperial Rib's 3/4" rib with anti-siphon feature creates a break in the siphoning action that gives you a weather-tight structure when installation is performed to manufacturer's specifications.

Apply Princep This Fall For... BETTER ALFALFA HAY NEXT YEAR.

Clean hay is better hay. It makes better feed, and it brings a higher price.

You can upgrade next year's alfalfa crop with an application of Princep this fall, after last cutting but before freeze up. It will control problem weeds like mustards, chickweed, alysium,

and seedlings of yellow rocket and white cockle. Plus many others.

For cleaner fields, higher protein hay, and healthier, longer lasting stands, make a Princep application this fall. It'll pay off all next year.

For product information, call 1-800-368-3683.
