**JOHN DEERE
 GREEN LIGHT
 SERVICE TAKES
 THE WORRY OUT
 OF BEING
 BUSY...**

Especially when the weather doesn't cooperate. That's when the season seems shorter, you get busier and equipment downtime costs more.

But when you take advantage of our Green Light Service, especially the off-season specials like the one we're having right now, you can roll into the field and not worry so much about unexpected downtime. Because we will have inspected for the unexpected. And troubleshooting in the shop is a whole lot more affordable than finding trouble in the field. Especially when you're busy.

So call us today and check out our Green Light Service Specials. Then you won't have to worry about it later when things get busy.

**CAPS OF ALL
 COLORS ARE
 WELCOME AT OUR
 JOHN DEERE '86
 FARMING FRONTIERS**

No matter what color your cap or machinery, you're invited to our John Deere Farming Frontiers Program. Not only will we show you what's new in machinery from John Deere for '86 and present educational topics, we will offer some food and express our dealership's willingness to serve you. John Deere Farming Frontiers is unlike any other event, come and let us show you why!

HERE'S NOW!!

JD Reduced List **6%**
 *LBI CASH DISC **25%**

You Save Over 85 Prices 31%

*This discount applies to shares, shins, landslides & mold boards; purchased & paid for the week of Jan. 20th, 1986. Call us today or see next week's issue of Lancaster Farming for more details. You'll get quality, dependability, service, and longer wear life—performance you'd expect from the company that invented the first successful steel plow.

**BIGGER
 HYD. SPREADER**

**John Deere 780 Hydra-Push™
 Spreader holds 370 bushels.
 Unloads with amazing speed.**

The 780 brings 60 percent more capacity to our Hydra-Push spreader line. These are the spreaders with the unique hydraulic unloading system. A moving panel and floor hydraulically move manure to the beaters.

Since there is no manure "fall-back", there's no time-consuming cleanout stage. And each pass of the moving panel and floor wipes the spreader doing away with most cleaning.

Fewer moving parts and no apron chain mean less maintenance. Spreader sides and floor are bonded with smooth, corrosion-proof material. Stop in for more info.
