

KNIGHT SLINGERS

See On Display At The PA FARM SHOW

Booth No's. 360 & 361, 374 to 377, 390 & 391

**Are they
really
the best?**

Model 912

Model 1514

Model 2500

Knights have been sold in the Northeast for over 30 years. The last few years, more Knights have been sold than ever before. Last year alone sales increased 34%!

Farmers who own a Knight are Knight's best salesmen. Over and over we hear the same story... how long their Knights have lasted and how little repairs were needed.

Ted Willson from Vernon Center, N.Y. bought his 252 Knight spreader way back in '73. He started talking trade about 6 years ago. Now he just talks about how his old Knight keeps holding on. That's a typical story from a farmer who owns a Knight.

Knight has a whole new line of SLINGERS for us to sell. The smallest model 912 holds 190 bu.*, the mid-size model 1514 holds 300 bu.* and the largest model 2500 holds 520 bu.*

The SLINGERS are built rugged like all Knights. In every area of construction, the SLINGERS exceed or equal competition.

In addition they feature the exclusive Knight hammer style discharge which allows a finer spread than any other. And a continuous style auger for bringing manure to the front discharge opening smoothly, without the interruptions that can occur with other models.

Are SLINGERS really the best? You be the judge. We love to be compared. We'll demonstrate a SLINGER on your farm this fall and welcome any other models to join us so you can make a fair comparison.

* Bu. Heaped Old ASAF.
