**THE SUPREME FORAGE CHALLENGER:
The Better Bottom Unloader.**

The perfect unloader for almost any kind of silo.

The Supreme Forage Challenger Bottom Unloader is easy to install. It fits right into the trough of most bottom-unloaded silos. You can even move it from one silo to another. Requires no short-arming to start. Just adjust the cutter speed to cutter need. Cutter arm can also be reversed. Exclusive chain guide minimizes chain wear and keeps cutting knives at proper angle. Super-heavy construction. Built to last. And last. Ask for a free demonstration, first chance you get.
