Did you know...

Nature photographers, get prepared! Come fall, "National Wildlife" magazine says you'll have the chance to take pictures of one of the country's most accessible wildlife spectacles: the annual elk rutting ritual at Yellowstone National Park. That's when bucks clash head-to-head in battle for awaiting does. If you go, you won't be alone. Dozens of American photographers return to the park for this spectacle every year.

XXX

There's a lot about gasoline that you might not want to know, says National Wildlife" magazine. Gasoline is composed of nearly 300 different chemicals, some of which can cause anemia, kidney disease or cancer, and it is quietly seeping into our drinking water supplies. The contaminating sources: thousands of leaking, underground gasoline storage tanks at gas stations, factories, schools, farms and private homes all across the country.

NO MORE PROMISES.

A promise is like a bubble. It's an easy thing to put into the air.

But try to hold it...keep it, and it disappears.

Farm equipment companies have made too many promises to their dealers. And the economy and mergers have meant that a lot of those promises couldn't be kept. We've changed, too. But while some companies continue to make promises, White Farm has learned that the only way to gain your trust and your business is to stand on the quality of our products.

You'll get quality equipment, not promises. We have a new owner. One that has experience through Bush Hog, Kewanee and New Idea. Allied Products Corporation is investing its funds and its future in farm equipment.

With their support, we'll earn your business by supplying you with quality tractors, planters and tillage equipment. And we'll support the line with a strong parts system and an attentive finance division.

What we do is more important than what we say. The proof of our commitment is rolling off the production line right now. We're restructuring to give you more access to decision makers. We're shifting production to increase plant volume, maintain quality and stay competitive. And we're always learning more about what you need to keep profitable.

Others promise that you'll benefit from their changes. But we'll prove that your future looks best with the unchangeable quality and value of White Farm.

WHITE FARM EQUIPMENT

Feel the quality. Experience the value.
