## VACUUM SUPPLIERS

DE LAVAL

### VACUUM PUMP

A Size  
To Fit  
Your  
Needs

A Lubriclaim II unit lets you save and re-use vaporized oil that is ordinarily blown away in your vacuum supplier exhaust — to save oil, cut operating costs and boost pump efficiency

## COMPARE DeLAVAL® New Century™

Series of Bulk Coolers for  
Performance, Quality, Value  
600 to 5,000 Gallon Capacity.

## THE SUPER-FLO LINER

DE LAVAL

### The Most Widely-Used Liner Has A New Partner

For decades, the DeLaval 01 liner has been the most widely-used liner in the dairy industry, delivering outstanding service and performance on thousands of farms. Now it has a new working partner — the DeLaval Super-Flo™ liner being introduced by DeLaval Dealers everywhere.

The new Super-Flo liner does just what its name implies — it's designed for today's high producing cows. The Super-Flo liner is a high performance liner with all the same excellent features of the 01 liner, plus it is specially designed with characteristics to handle high production herds.

At DeLaval, we're committed to supplying you with the finest liners available. The liner is only part of the milking equipment that touches the cow. So it's the last place where quality should be sacrificed. So don't settle for a substitute.

Whether you choose the original DeLaval 01 liner (over 50 million sold) or the new Super-Flo liner, you will be using a genuine DeLaval exclusive — a liner that is designed and manufactured for performance and dependability.

Ask your DeLaval Dealer or routeman for the new Super-Flo liner today.

## COMPLETE LINE OF DELLA DE LAVAL CLEANERS & SANITIZERS

Made to do a Better Job in  
the Modern Dairy System

You'll be taking the best care possible of your quality milk when you clean and sanitize your system with products made to fit your every need... whether you choose DeLaval liquid or powder sanitation products.
