FFA
LEADERS
FOR THE NEW FIELDS
OF AGRICULTURE

Farming. It's an ongoing search to find a better, more productive way, and the industrious members of our FFA play a big part. They're taught right from the start that the future of agriculture lies in keeping abreast of the latest technology, and that they must adapt to and embrace the new to achieve success. FFA continually produces a bumper crop of talented, inventive and dedicated young people to work in and lead the new fields of agriculture, and we're proud to show them our wholehearted support.
