

Timely planting for earlier rising crops

Case International Early Riser Planters

The critical first step in bigger crop yields is timeliness in planting. Early Riser planters are designed to help you get seed into the ground as fast and as early as possible. They also give you a measure of control over total seed environment to assure rapid, uniform germination and emergence in a wide variety of planting conditions. Early Riser row units on both 800 Series Cyclo® Air and plate planters provide guess-free depth control with a single adjustment.

Early Riser Cyclo® Air planters with 15 bushel seed hopper (30 bu. capacity on 12-row and larger). Quick-change seed drums. Trailing models, 4 to 16 rows. Mounted vertical folding models, 8 and 12 rows.

Early Riser plate planters with 1.8 bushel seed hoppers. Quick change planting equipment. Trailing models, 4 to 12 row. Mounted models, 6 and 8 rows. Mounted vertical folding models, 8 and 12 rows.
