## NEW CHORE-TIME COW FEEDING SYSTEM

Increase milk production while saving labor, feed

### Put Chore-Time Cow Feeding System To Work Boosting Your Income

Feeding supplement by hand wastes money two ways:

- (1.) Some cows get too much, others not enough -- wasting feed and hurting production.
- (2.) It's time and labor spent you'd be money ahead to put into management. Mechanize your feeding with an inexpensive, energy-efficient Chore-Time Cow Feeding System. Feed each cow the right amount, as many times a day (to boost production) as you want by automatic timeclock, or by pulling a lever.

Find out about the Chore-Time system -- our 10-year warranty on auger -- plus the line of feed bins that outshell all others in America because of their built-in quality and long life.

**TWO TYPES OF FEED DELIVERY SYSTEMS (FLEX-AUGER or MULTIFLEX) AVAILABLE WITH THE NEW CHORE-TIME COW FEEDING SYSTEM**

### Ideal For Straighter Runs, Larger Capacities

Highly energy-efficient, extremely long wearing and trouble-free -- that's how FLEX-AUGER systems are known the world over.

For most livestock and poultry feeding installations, plus for moving high or low moisture grain FLEX-AUGER is the ideal choice.

### For Lots Of Turns, Sharper Corners, Greater Lengths

MULTIFLEX is a new innovation using the same high tensile strength steel auger as on our famous FLEX-AUGER. But, instead of rotating the auger, a MULTIFLEX system propels it within the tube. This sliding of the steel auger means there can be more corners and sharper corners in a system.

There's an added bonus in energy savings: while FLEX-AUGER beats the competition in energy-efficiency, our new MULTIFLEX saves even more energy.

*Discuss your particular needs with us to make the best choice of systems for your kind of animals and building layout.*

**COMPLETE SYSTEMS, EQUIPMENT, SALES, INSTALLATION, SERVICE FOR CATTLE HOGS AND POULTRY**

Authorized Chore-Time Distributor
