# Aer Way<sup>TM</sup>

**THE BETTER WAY  
TO REVITALIZE THE SOIL AND INCREASE YIELD**

The AER-WAY is a utility implement that relieves compaction aerates cultivates and renovates. It can function as a rotary hoe a disc a roller and a harrow. It saves fuel time and fertilizer. It increases water percolation bacterial life and root growth. It is an implement for pastureland grassland horse paddocks general field crops vegetable production orchards vineyards and turfgrass. The AER-WAY will increase your profits through lower costs and higher yields.

**SOIL — "Our Most Valuable Asset"**

All plants require a fertile soil in which to grow, but fertility alone is not enough. Plants also need water and air to produce a good crop. Adequate soil moisture is necessary for a good yield. Lack of water or too much water both adversely affect yield.

Air within the soil is necessary for plant root systems to utilize the nutrients. In the absence of air, the root system loses its ability to utilize the applied fertilizers and lime which are therefore wasted.

Crops growing on loose well aerated soils will develop extensive root systems that reach into all portions of the soil profile. Selecting the AER-WAY is the key to putting your soil in good condition and keeping it productive in the future.

**"FEED THE SOIL — NOT THE CROP"**

- TOTAL MIXED RATION
- ROLL-A-MIX SERIES
- MINI-MIX SERIES
- SILO UNLOADERS
- FEEDERS
- CONVEYORS
- TRACTORS
- 3-Wheeler
- Paraplegic
- Turfmaster
- plus Attachments

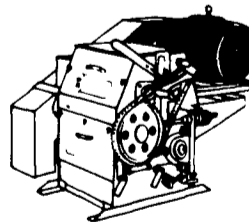

- BARN CLEANERS
- MANURE CONVEYORS — (Vertical/Horizontal)
- WATER BOWLS
- VENTILATION SYSTEMS
- BUNK FEEDERS
- BARN EQUIPMENT

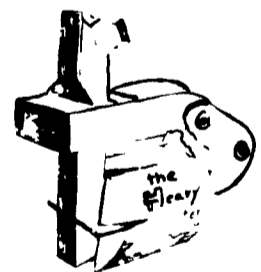

## Roskamp

- ROLLER MILLS
- Stationary Feed Processing Center
- Portable Feed Processing Center
- Corn Silage Mill
- ROLL CRUSHERS

## the HEAVY SPLITTER

MECHANICAL LOG SPLITTER

- EASY
- EFFICIENT
- RUGGED
- REVOLUTIONARY
- Remove your digging bucket - attach your log splitter.

I DON'T HAVE TIME TO TALK TO SOME SALESMAN, I'VE GOT A BATTLE TO FIGHT!!
