

Twin Valley FFA captures first in Berks County contest

Twin Valley FFA'ers topped the Berks County Parliamentary Procedure Contest held recently at the Berks County Intermediate Unit. Second place went to the

Conrad Weiser chapter and third to Tulpehocken. After the competition, Mrs. Council and Mrs. Gehris from the Berks County Association of

Parliamentarians, and Mrs. Stoudt, Berks County Extension, offered advice on how members could improve.

Have You Heard?

Plan Your Vacation Now

For many families this is the time of the year to plan the family vacation. Have you ever wondered what makes your vacation successful? For one thing, careful planning, and for another, the family itself.

Here are some tips to help make your holidays happy, whether the budget's large or limited:

- Decide exactly what your vacation needs and preferences are, then try to tailor your plans to fit.

- What interests your family? Swimming, camping, golf, visiting historic sites? Do they like to dress for dinner or to be completely casual? The answers help in selecting resorts, hotels or campgrounds.

- Think of the children. For younger travelers, look into special provisions — rates, supervised play areas, swimming pools and particular attractions for them.

- Be realistic, especially about money. Economics play a big part in the selection of a vacation spot. Better a less ambitious schedule than a budget stretched out of shape and vacation full of stress.

- Consider traveling off season. Inquire about trips to areas of the country you'd like to visit at a time that isn't the height of their vacation season. There are attractive off-season package rates almost everywhere.

- Tipping can cause anxiety. Allow for it in advance, along with other expenses. Then relax.

- Check your attitude. Go expecting to have a good time and leave worries and doubts at home. Smile; you'll most likely receive a smile in return.

- Do what pleases you — it's your vacation.

Planning your vacation is part of the fun and excitement. After all, getting there is half the fun.

Put Away Your Winter Woools

Ready or not, warm weather's here and now's the time to put away your winter woools. Before you do, be sure they are clean. Stains and spots allowed to set in the fabric will always be more difficult to remove later.

Have your jackets, coats and tailored or lined woools dry cleaned. Ask your dry cleaner about chemical treatments to protect against moth damage; most cleaners provide this service — treatment may save your favorite suit if you have it done now.

For washable woools follow these techniques:

- Use cool or lukewarm water.
- Use recommended amounts of non-alkaline soap or detergents.
- Allow to soak 3 to 4 minutes and gently squeeze — don't rub.
- Rinse at least twice with fresh water.
- Roll in a bath towel to absorb excess water.
- Dry woools on a flat surface, away from direct heat.
- Gently shape a woolen knit, to its original size.

When you're ready to store out of season woools, be sure your wool garments are well protected against moths. Have them treated by a dry cleaner, or use one of the preventive products available in many supermarkets and hardware stores — moth balls, crystals, sprays, or pockets. Store them in a cedar closet or chest or in garment bags. Never use plastic cleaning bags — woools need some air circulation.

NEW 16" Gold Medalist White Water Canoe

- Even looks exciting: black hull with red, white, silver, and gold striping. Mighty sharp
- Built of RAM-X® : remarkably strong, quiet, smooth for sliding over rocks. "Memory" lets hull flex under impact, then return to shape
- Patented keel track construction. Ultra-high molecular weight polyethylene (RAM-X®) wear strip adds rigidity for easier rowing anywhere and improved maneuverability in white water
- Two aluminum thwarts for extra strength and stability
- One-piece molded hull. No rivets to pop or seams to leak
- Lightweight. Rides on a car top. (No trailer to buy)
- Two seats of RAM-X, contoured for comfort, textured to prevent slipping
- Easy carrying. Handles both fore and aft
- Bow and stern filled with lightweight foam for added buoyancy
- Corrosion-resistant aluminum fittings; stainless steel nuts and bolts
