

TRADITION, INNOVATION COMMITMENT TO THE FUTURE.

Tradition, innovation, commitment to the future — three important reasons for you to consider Case International tractors when you decide to add new power to your farm or ranch

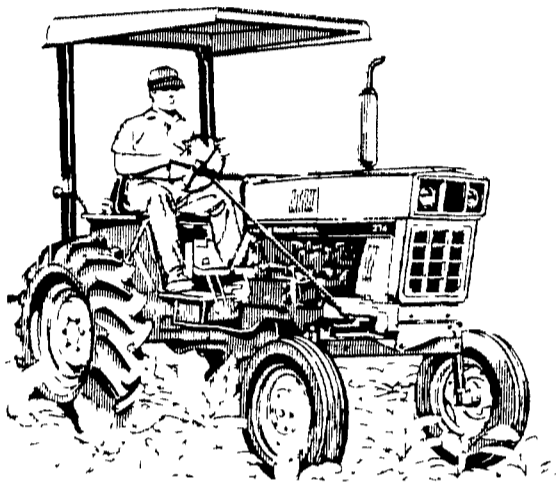

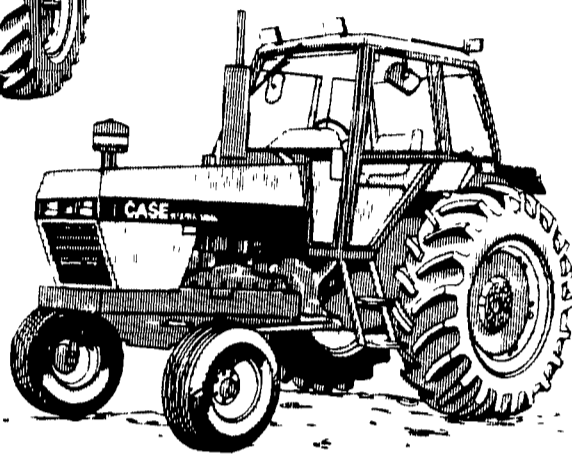

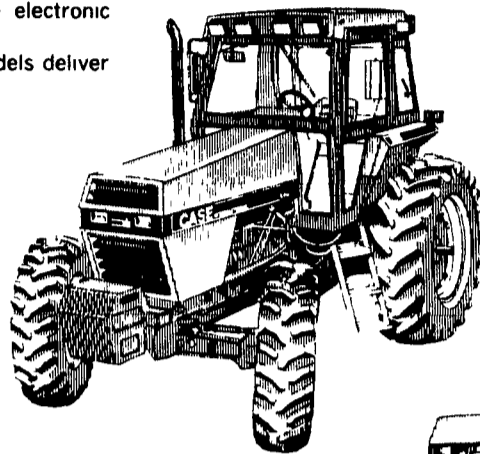

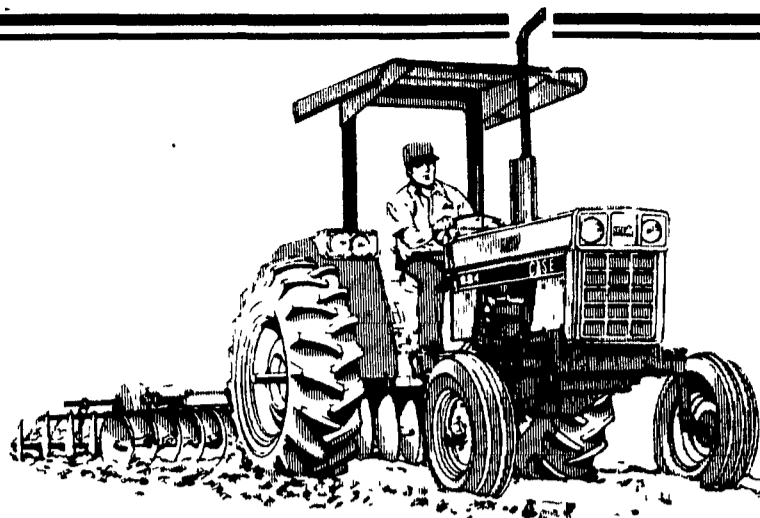

To make your land truly productive, we have assembled the most complete line-up of tractors in the field. The line-up includes two and four-wheel drive models with as little as 18 or as much as 400 gross engine horsepower.

Traction-boosting front-wheel drive is available on many models. One model, the 3294, has constant four-wheel traction to carry you through those difficult field conditions.

The Case International Intelligence Center, standard on 94 Series tractors over 100 horsepower and on 96 Series models, offers the most comprehensive electronic monitoring system in the industry.

High-tech turbocharged diesel engines in Case International 96 Series models deliver superior performance and fuel efficiency with less maintenance.

In all, you have 23 basic Case International tractor models to select from. Visit your Case International dealer and learn how our innovation and reliability can bring you the productivity and dependability you look for in farm power today.
