Check With Us For The Bale Chopper You Need For Commercial And Agricultural Uses

Goossen BALE CHOPPER

GET THE BENEFITS OF TMR, PLUS INCREASED FEEDING EFFICIENCY AND ECONOMY

The bale chopper has interchangeable grates and adjustable knife height, so the cut can be regulated according to the type, toughness, moisture content, and intended use of the material being chopped.

Available either as a standard 3-point PTO model or as a stationary electric powered unit, the bale chopper can be a mobile shredding and delivery system or can supply a stationary mixer. The conveyor model can be ordered with conveyors of various lengths to fit your feed room or with a standard conveyor for continuous delivery from your tractor.

TELL US YOUR NEEDS AND WE'LL GET YOU A PRICE

THE BALE CHOPPER IS THE GOOSSEN SOLUTION FOR LANDSCAPE, NURSERY AND BERRY MULCHING

Nursery
 The Bale Chopper chops then blows straw around trees, bushes, on bedding areas or any place where you need mulch. Apply mulch with the 30' flexible hose; hand held as shown at right.

Berry Farming
 The Bale Chopper is ideal for mulching strawberries or any row crop.

Residential & Commercial Landscaping
 The Bale Chopper evenly applies straw over large areas, and is easy to use around trees, behind bushes, or in any hard to reach spot. And it takes the Bale Chopper less than a minute to thoroughly shred and distribute an entire bale, so even large mulching jobs are completed quickly.
