

Plastic SILO LINERS

For Silos
with or without unloaders
Because of the volume of liners being sold, we cannot guarantee delivery on last minute orders at silo filling time. We are offering discounts for early orders, so we know which sizes to make in advance.

Lancaster BELT FEEDER AND "NEW" Lancaster CONVEYOR
Modern dairy and beef feedlots can be automated with the use of bunk feeders using belt feeder units. Corn silage, haylage, high moisture corn and other feed material can be distributed quietly, evenly and with no separation. A traveling plow unit places the feed directly to the center of the bunk trough. Simple operation and very low horsepower requirements make this Lancaster belt feeder popular with dairy and beef operators. Rubber belt and wooden trough design keeps silage from contacting or corroding metal.

What Unloader Will You Use...
In The Year 2000?

If you purchase the Supreme SS428 Turbo Ring Drive Unloader now it's a good bet this same unloader will be performing in the year 2000!
Supreme Posi Tracs are proven good for 20+ years. The Stainless Turbo must last longer with lower maintenance.
And, the Supreme SS248 Turbo Ring Drive Unloader is unmatched for performance. Hardened chopping augers rip thru hard-packed & frozen material to rapidly deliver volumes of forage. The 4-paddle 28" Stainless Steel Blower has tremendous output capacity.
Supreme Unloaders—Good For The Year 2000 And Beyond!
