

Don't Call Penn Jersey

for service
of your
Harvestore®
Systems
equipment...

...Unless you want:

- * Six servicemen with over 70 years combined experience. They'll do the job faster and more efficiently (and they'll do it right the first time) because of their training and hands-on experience.
- * A fully-stocked parts department with a knowledgeable parts manager who can often help you right on the phone.
- * The back-up of A.O. Smith Harvestore® Products, Inc., recognized leader in the field of sealed storage.
- * Experienced employees who care about your business!

The results you may achieve with your Harvestore System depend primarily upon your management skills and may vary from successful results achieved by others. Any application to a particular farming operation requires the advice of qualified experts and is subject to limitations of good management, weather and other conditions present at the individual location.

Penn Jersey Products, Inc.
