38" WIDE LAWN SWEEPER IN STOCK

Easy Dumping
 Wheels located at the rear make backing easy and pivoting hopper dumps to the rear, behind the path of the sweeper. No need to unhook unit from the tractor drawbar.

Gear Drive
 The HI SWEEP design provides positive gear drive...no belts to stretch or slip. The Ingersoll HI SWEEP sweeper is designed for operator convenience and high performance lawn sweeping.

Ingersoll HI SWEEP
 The Ingersoll exclusive HI SWEEP 38" lawn sweeper gives you trailing gear drive for high performance.

The HI SWEEP two-stage lawn sweeper provides two gear driven polypropylene brushes...a lower brush for pick-up and an upper brush to propel swept material deep into the 11-bushel capacity hopper. The hopper fills completely without annoying stops to hand adjust the load.

A height selector allows six sweeping positions plus a transport position.
