### Super airflow

the airflo long range cannon has 5 major advantages

**More air**

Its exceptionally powerful 39 inches fan delivers an air speed of 280 MPH and is recommended for use with a tractor of 60 or more horsepower

**More penetration.**

The AIRFLO LONG RANGE CANNON ensures excellent coverage for vegetables, row crops and trellised plants. The cannon sprays up to 130 feet with each pass. The swivel head can be moved in any direction from the tractor seat.

**Improved coverage**

Two smaller air spouts to ensure coverage of the "blind spot" between motor unit and the cannon.

**Greater precision**

The AIRFLO LONG RANGE CANNON has a self-regulating control system. The fluid flow rate is proportional to the RPM's of the PTO and therefore to the speed of the tractor (for a given tractor gear speed). This is your guarantee of improved dosage and therefore of improved treatment.

**Greater adaptability**

With the DS 401 piston-diaphragm pump (12 gallons/minute at 284 PSI), the double high and low pressure circuits, and the de-clutchable fan, it can also be used with a hand gun (for winter treatments, weeding and for washing down the tractor).
