

# Onduline®

The Lifetime Roofing

If you're not sure what it is, or where to find it....

**ASK THE EXPERTS!**

**THERE'S NO OTHER ROOFING MATERIAL LIKE IT.**

Onduline's very construction makes it different. And makes it a superior roofing and siding material at the same time.

Its corrugated design enables it to be both lightweight and strong.

While its total asphalt impregnation means it outlasts most other roofing. Including metal.

But you don't have to take our word that Onduline is tough. It's met rigid building codes throughout the country.

And it's been in successful use on roofs all over the world for nearly 40 years.

**EASY INSTALLATION ISN'T THE ONLY REASON TO USE ONDULINE.**

The roof renewed with Onduline will have something it didn't have before.

Dead air space.

This means significantly better insulation because dead air space acts as a barrier to heat and cold transfer.

So in the winter, an Onduline-covered building is likely to be warmer. And in summer, cooler.

Of course, what makes Onduline such a good reroofing material is how long it lasts.

And that's the real reason why, above all, Onduline is a better roofing.

**Corrugated Asphalt Roofing And Siding**

- Lifetime Warranty • Won't Rust Or Corrode • Provides Added Insulation
- Goes Directly Over Old Roof • No Special Tools Required
- Lightweight, Easy To Handle • Ideal For Patio Roof • Reduces Noise
- Can Be Repainted Any Color • Easy To Maintain • Economically Priced
