**Reliability ...
bale after bale after bale**

The Model 326 baler is rugged and reliable. It's a 14 x 18 baler to handle big volume haying! The 75 inch Super Sweep pickup gets the short fine hay that ordinary pickups miss. And the Flow Action feeding system gives you dense well shaped bales. Stop in and see one today.

FEEDER WAGONS

16', 21', 27' lengths available. A great feature for feeding cattle in meadows or in feed lots. Can be used for feeding round bales. If old gas tanks are used for feeder wagon bottoms, they should be sand blasted. If not, the gas and rust may result in sick cattle or even death. Be safe and buy from us as ours are sand blasted before being painted.
