FPPF
BVP
 (Best Value Protector)
 "THE LEAD ALTERNATIVE"
GASOLINE TREATMENT
 This new additive has been
 developed for the protection of
 engines designed to operate on
 leaded gasoline.
 Without lead your engine loses
 power & compression caused by
 valve seat recession. BVP acts
 as a protective lubricant to
 prevent direct metal to metal
 contact that would cause high
 wear.
 Use BVP for the protection of lead without the
 pollution.
 Available in 8 oz bottles (24 per case), 5 gallon
 containers & 55 gallon drums.
 IT COSTS SO LITTLE TO
 PROTECT SO MUCH!
