LABOR-SAVING BALERS

John Deere round balers are an automatic one-man haying system

John Deere 430 and 530 Round Balers make it easy to be an expert operator, even for those who have no experience. And the innovative automatic design is the reason why.

The exclusive Bale-Trak® monitor provides electronic guidance to help you make perfectly shaped bales, one after another. Simply steer left or right to keep two arrows lined up. No more guesswork.
