Better deal days

We're dealing far beyond our ordinary good deals to put a new John Deere on your farm

ALL EQUIPMENT SHOWN IS IN STOCK — FOR IMMEDIATE DELIVERY!

9-foot mo/co

John Deere 1219 Mo/Co powers through tough haying conditions for faster drydown

The 9-foot 1219 Mower/Conditioner is built strong to handle thick hay stands, yet nimble enough to float over rough terrain

Adjustable high-pressure conditioning rolls mean faster drydown in varied conditions

Wide and reliable

John Deere's 9½-foot 670 Rake offers rubber-ball flex teeth for reliable service life

The 670's rubber-ball flex teeth let you rake fast and get all the hay laid down in a 9-foot swath

Stop by and see how the 670 can give you years of trouble-free service

HUGE PRICE REDUCTIONS!

These Items Must Go!!

AUTOMATIC BALERS

John Deere round balers make baling almost automatic for any operator

The John Deere 430 and 530 Round Balers automatic design begins with the exclusive Bale-Trak® monitor. It's your electronic guide to making bales that are uniform in shape and size every time

SQUARER BALES

John Deere's baler line builds squarer, stackable bales

To build solid square cornered bales consistently you need consistent control of the hay. And John Deere's 327, 337 and 347 Balers give that control from the moment hay touches the pickup

Haymaker!

KUHN Rotary Mower/Conditioners

In boxing it takes the right conditioning to deliver a haymaker punch. In haymaking you need the right machine to deliver a great crop. And that's where **KUHN Disc Mower/Conditioners** come in.

- Cuts quicker (7-9 mph/6-7½ acres per hour) with greater capacity
- Less dry down time than many other systems on the market
- Tangled down wet hay won't stop them
- Conditions more evenly - less leaf/nutrient loss
- Variable cutting widths available

Get the haymaking punch you need for a championship crop this season. See your **KUHN** dealer now.
