# Look down front for superior harvesting control.

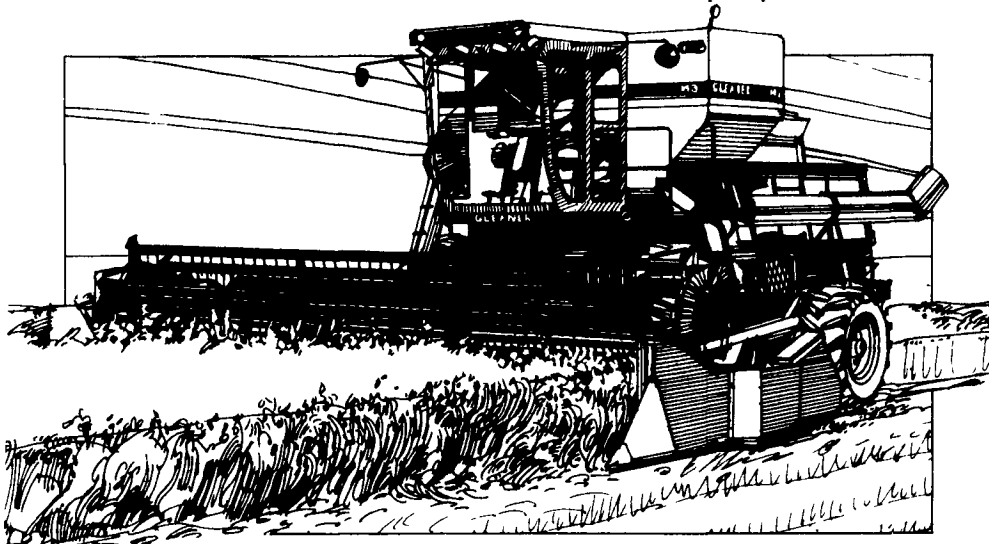

L3/M3/F3 Gleaner combines.

**Down-front cylinder.**  
 Crop always under control with cylinder mounted just 15 1/2' from header auger. Helps avoid crop damage and loss.

**Centerline design.**  
 Cab in center lets you see both ends of header. All major components centered side-to-side and front-to-back so weight is balanced for top traction, flotation, stability.

**New BacMaster seat.**  
 Features 7 different adjustments including lumbar, for the ultimate in operator comfort. Luxurious one-piece molded cushioning is exceptionally durable. No seams to wear out or split open.

**Electro-hydraulic pushbutton controls.**  
 Provide effortless fingertip control for raising and lowering header and reel, regulating reel speed and all other functions.

**Solid-state monitoring.**  
 Large easy-to-see Tattle-tale readouts keep you informed on key combine functions. Warning lights and audible alarm report any malfunction instantly.

**Headers for any harvesting need.**  
 A complete line of integral flex headers, rigid grain headers and ear-saving corn heads. Wide choice of sizes for handling any crop needs.
