Battery-powered filtration system re-
moves dust from air before breathing.

Removes dust, spores, molds, and other
particles that cause allergies & breathing
problems, including farmer's lung di-
sease & asthma. Works excellently in
moldy corn and other crops, including
hog and poultry confinement buildings.

LIGHTWEIGHT - Under 2 Lbs.
Comfortable - Adjustable
Rechargeable Battery

DON'T LET EAR WORMS BE A PROBLEM IN SWEET CORN

BERTHOUD®

"Ask for Bear-Two"

Super airflow

the airflo long range cannon
has 5 major advantages

More air
Its exceptionally powerful 39 inches fan delivers an air speed of 280 MPH and is recommended for use with a tractor of 60 or more horsepower.

More penetration.
The AIRFLO LONG RANGE CANNON ensures excellent coverage for vegetables, row crops and trellised plants. The cannon sprays up to 130 feet with each pass. The swivel head can be moved in any direction from the tractor seat.

Improved coverage
Two smaller air spouts to ensure coverage of the "blind spot" between motor unit and the cannon.

Greater precision
The AIRFLO LONG RANGE CANNON has a self-regulating control system. The fluid flow rate is proportional to the R.P.M.'s of the P.T.O. and therefore to the speed of the tractor (for a given tractor gear speed). This is your guarantee of improved dosage and therefore of improved treatment.

Greater adaptability
With the DS 401 piston-diaphragm pump (12 gallons/minute at 284 PSI.), the double high and low pressure circuits, and the de-clutchable fan, it can also be used with a hand gun (for winter treatments, weeding and for washing down the tractor).
